Fw: 9-11 ops order

My recommendation is that once we determine exactly which of the proposed actions the PD is going to take, the we assign responsibility for implementing the staffing to various Lt's or Sgt. Example; Tac Team staffing to Conneely and Coontz, CAP team with VIPR to Alvarez, CSO staffing at portals to CSO Lt. etc.

We can put the names who they are assigned to on the attachments and that way no one person is responsible for all scheduling which would take a lot of

time
for one person to do.

You and I can monitor it.

9-11 ops order

Here is a draft of the 9-11 ops order and related documents for your review.
I
included the Tac Team ops order from last year so we could review that as
part
of the total plan.

I'll send it to the rest of the Command Staff after you have reviewed it so
we
can discuss on Tuesday.

Kevin

Disturbing Others / Outside Warrant Arrest - Millbrae Station
7/30/11 0056 Hours

A station agent reported that a subject fare evaded out and started cussing and yelling at her. The officers arrived and contacted the suspect (Joseph Wade W/M). A warrant check revealed Wade had a \$20,000 felony warrant out for his arrest for drug possession. The subject was booked for the warrant via an out of county waiver at the San Francisco County Jail. The fare evasion could not be substantiated and no citizens' arrest was made for disturbing others. 1107-3749 L20

Psychiatric Detention / Criminal Hold - Coliseum Station
7/30/11 0052 Hours

A subject called 911 and reported that he felt like killing himself. An officer responded and identified the subject (Tiawawn McIntosh, B/M). The officer ran the subject for warrants and determined he had a no bail warrant out of the California Department of Corrections for a parole violation. He was on parole for larceny. The suspect was placed on a psychiatric detention and taken via ambulance to John George Hospital in San Leandro. A criminal hold was placed on the suspect to be booked when he is fit to be released to BART Police. 1107-3748 L20

Possession of Loaded and Concealed Firearm - Bay Fair Station
7/29/11 2211 Hours

An anonymous patron reported via cell phone that he saw a light skinned black male with dreads and a white t-shirt, red baseball hat, 18 years, and appeared to be in possession of a possible black firearm. The subject was in the company of two black males, dark skinned, white t-shirts, also about 18 years.

The reporting party stayed on the phone with the dispatcher following and reporting their movements. At one point the subjects were thought to have walked over to the Bay Fair Mall and San Leandro P.D. was notified. Dispatch was also able to locate the subjects described on the station cameras and determined that one had a red baseball hat, one had a black baseball hat and the other had a tan baseball hat as the reporting party was now describing.

As officers converged on the scene, all subjects went in different directions. BART officers detained the subject in the black hat and the red hat, (both juveniles) and San Leandro witnessed the subject with the tan hat toss a gun on

the ground. San Leandro Police detained that suspect and turned him over to BART Police. The on-call detective was called out to interview the suspect but

the suspect did not wish to discuss the matter. The subject with the black hat

was released at the scene. The subject with the red hat and originally reported

to have the gun was detained, interviewed and later released to his mother without charges. The suspect in possession of the loaded gun was booked at Juvenile Hall in San Leandro for Possession of a Loaded Firearm, Possession of

a Concealed Firearm, being a Felon in Possession of a Firearm, and Possessing a

Stolen Firearm. The suspect has a criminal history spanning back to 2006 including Robberies, Burglaries, Carjacking, Possessing a Firearm, Resisting Officers, Battery, and Auto Theft. The other two detainees did not have any criminal history.

The gun was not reported in the system as being stolen but the registered

owner

was contacted and said that the gun was stolen in 2008 in Richmond. BART Police entered the firearm into the system. It also appears at this time that

all three subjects involved were related. Two independent witnesses were also

interviewed at the scene. The video hotline and TSOC were notified.

Public Intoxication / Outside Warrants - Civic Center Station

7/29/11 2242 Hours

Officers responded to a call of an aggressive panhandler at the Civic Center Station. When officers arrived they determined he was a "regular" (Dennisse Johnson B/M). Officers determined that the suspect was intoxicated and arrested him for the violation. The subject was also placed under citizens' arrest for Aggressive Panhandling. A subsequent warrant check revealed misdemeanor and infraction warrants out of the San Francisco Police Department

including; #1- \$20,000 for Resisting and Providing False Information to Police

and False Imprisonment, #2- \$20,000 for Trespassing, and #3- Misc. traffic infraction warrants. The subject was booked for Public Intoxication, Disturbing Others, and the warrants at the San Francisco County Jail.

1107-3735 L20

Warrant Arrest - Coliseum Station

07/29/11 1953 hrs.

An officer detained a man who had fare-evaded off of the elevator. The suspect was found to have three outstanding San Francisco Co. warrants with a total-bail amount of \$70,378. Two of the warrants were for felony drug possession and one was for a traffic violation. The suspect was cited for fare

evasion, interviewed by a sergeant, then booked into Glen Dyer Jail on the warrant. 1107-3714 L23

Robbery - South Hayward Station

07/29/11 1749 hrs.

An 18-year old woman reported that a man, whom she knows as "Tyjohn," robbed her of her Metro PC Kiwi cell phone. The suspect took the phone at South Hayward station, then followed the victim to El Cerrito del Norte station. The

suspect made unspecified threats to the victim and fled towards San Pablo Ave.

(suspect description: B-M, 23 years old, light complexion, 5-3, 145, brown eyes

described as "bulging," blue NY Yankees baseball cap, dark blue sweater, light

blue jeans, white Nike shoes) 1107-3692 L23

Warrant Arrest - Powell St. Station

07/29/11 1628 hrs.

An officer contacted a woman who had been in a loud verbal dispute, and

possible shoving match, with another female. The woman was found to have an outstanding \$25,000, Riverside Co. felony warrant for prostitution and transportation, or sales, of a controlled substance. She was also in possession of crystal methamphetamine. The suspect was interviewed by an Alameda Co. Narcotics Task Force member/BART police officer regarding other drug-related crimes. The suspect was booked into the San Francisco Jail on the warrant. The methamphetamine-possession charge is pending while the task force officer conducts a follow-up investigation. 1107-3679 L23

The Next BART Action
PLEASE DO NOT post this link or info about this event on any website, put it on
on any printed literature, or forward it to any email lists!!!

Join us for another BART Action for Justice for Charles Hill:

Thursday, August 11, from 4:30-8pm. Starting inside the Civic Center BART station, on the platform.

As before we will be meeting in the station, ON the platform. Please do not have any signs or banners visible as you enter the station or wait on the platform, as we wish to remain inconspicuous until the action begins at 5 pm.

We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 pm *sharp*.

Strategy/Tactics:

The basic strategy will be the same as at the last demo, although we anticipate we can be much more effective without the police or BART officials present. We have been calling this tactic 'No Justice, No Rush'. If you haven't been to an action, you should read more about the previous demos [here](#) and [here](#).

Demands:

If you want to make your own signs and banners, the specific demands for this action are 1) fire the officer who shot Charles Hill 2) fire the police chief for lying at the press conferences, and 3) disband the BART police.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of expression.

For the next action we are going to switch it up a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their police force to harass our event.

Watch this page for last minute plans:

We will update this page on the night before the action to contain info on gear you need to bring, and any changes to our plans!

RSVP:

Let us know if you can make it by emailing nojusticenobart@gmail.com. We'll put you on an email list for this action so you can get last minute updates directly. Otherwise, check back at this page, because we are expecting A LOT more people than last time, and we may make some last minute changes to the plan, like distributing ourselves at multiple stations so we can stay under the radar till the action starts...

How to spread the word:

Again, PLEASE DO NOT post this link or any info about this event on any

website, put it on any printed literature, or forward it to any email lists. Only tell people you know and trust!

So how can you publicize this event while keeping it a secret?

- 1) Call your friends, and tell them to get in front of their computer and tell them to type in this URL as you read it to them.
- 2) Text the URL to trusted friends and other activists.
- 3) Tell someone in person, but make sure that they know NOT TO POST THIS ONLINE, MAKE FLYERS, OR TALK ABOUT IT TO ANYONE THEY DONT TRUST! And when they spread the news of this event they need to make sure other people know how to keep it a secret.
- 4) Ask people to contact you about an upcoming action we are planning, and then point them at this link for more info.

Disband the BART Police!

No Justice No BART is a campaign of protests targeting the BART system. We are

fighting for justice for Charles Hill, Oscar Grant, Fred Collins, Bruce Seward,

Jerrold Hall, Robert Greer, and all victims of BART police violence and murder.

We demand that BART disband its murderous, inept, corrupt police department.

We

need you: Join our facebook group, 'like' this facebook page, and get on our email list.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of expression.

For the next action we are going to switch it up a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their police force to harass our event.

Watch this page for last minute plans:

We will update this page on the night before the action to contain info on gear you need to bring, and any changes to our plans!

RSVP:

Let us know if you can make it by emailing nojusticenobart@gmail.com. We'll put you on an email list for this action so you can get last minute updates directly. Otherwise, check back at this page, because we are expecting A LOT more people than last time, and we may make some last minute changes to the plan, like distributing ourselves at multiple stations so we can stay under the radar till the action starts...

How to spread the word:

Again, PLEASE DO NOT post this link or any info about this event on any website, put it on any printed literature, or forward it to any email lists. Only tell people you know and trust!

So how can you publicize this event while keeping it a secret?

- 1) Call your friends, and tell them to get in front of their computer and tell them to type in this URL as you read it to them.
- 2) Text the URL to trusted friends and other activists.
- 3) Tell someone in person, but make sure that they know NOT TO POST THIS ONLINE, MAKE FLYERS, OR TALK ABOUT IT TO ANYONE THEY DONT TRUST! And when they spread the news of this event they need to make sure other people know how to keep it a secret.
- 4) Ask people to contact you about an upcoming action we are planning, and then point them at this link for more info.

The Next BART Action

PLEASE DO NOT post this link or info about this event on any website, put it on any printed literature, or forward it to any email lists!!!

Join us for another BART Action for Justice for Charles Hill:

Thursday, August 11, from 4:30-8pm. Starting inside the Civic Center BART station, on the platform.

As before we will be meeting in the station, ON the platform. Please do not have any signs or banners visible as you enter the station or wait on the platform, as we wish to remain inconspicuous until the action begins at 5 pm. We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 pm *sharp*.

Strategy/Tactics:

The basic strategy will be the same as at the last demo, although we anticipate we can be much more effective without the police or BART officials present. We have been calling this tactic 'No Justice, No Rush'. If you haven't been to an action, you should read more about the previous demos [here](#) and [here](#).

Demands:

If you want to make your own signs and banners, the specific demands for this action are 1) fire the officer who shot Charles Hill 2) fire the police chief for lying at the press conferences, and 3) disband the BART police.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of expression.

Take A Fresh Look

at Oakland  
News from

Mayor Jean Quan

~~~~~  
~~

Dear Glenn,

City leadership gathers to thank hundreds of city staff volunteers in front of city hall; NNO Coordinator Felicia Verdin, Neighborhood Services Coordinator Claudia Albano, City Administrator Deanna Santana, the Mayor, Police Chief Anthony Batts, Interim Fire Chief Mark Hoffman on National Night Out. NATIONAL NIGHT OUT BANNER: (above, l-r) Police officers assemble at Frank Ogawa Plaza as part a City Team of 270 employees who visited NNO parties; barbecuing hot dogs at Taylor Memorial Church; mayor's husband with East Bay Dragon Club Motorcycle Club; jumper at Lion Creek Crossing. Oaklanders broke all records on Tuesday as an estimated 33,000 plus neighbors and city employees held 560 parties in every part of the city. My entire staff and I participated; I visited 15 of the 113 first time hosts starting with the three areas which my office has "adopted." We started in West Oakland where several of the Oakland Housing Authority developments held large parties including at Acorn.

Nearby, Taylor Memorial Church's first effort (below) was the start of a progressive party moving onto other West Oakland sites ending with a gathering of over 400 at Campbell Village.

Prescott Clowns greet neighbors at Taylor Memorial, Acorn leader Barbara Montgomery, Rev. Andrea Davidson with church leaders and retired Neighborhood Services coordinator Sandra West.

We moved onto Central Oakland where we stopped by Rainbow Rec Center, the East Bay Dragon's Club House, Acts Full Gospel Church, and Lion Creek Crossing (below) where the kids got a special treat of 'pony rides.'. One of the most interesting parties closed the street to display 50's cars(above).

My favorite stop of the evening was in Beat 34X (below) where the Neighborhood Crime Prevention Council Chair Beverly Williams (front center) held her first NNO Block Party. "My neighborhood has changed and many of my old friends have passed on or moved. Before tonight none of us knew each other. I can't speak Spanish or the other languages but with help from the kids and the leaflets I invited everyone and they came...I told them the city and Mayor would come and I know people weren't sure. But just at the end the Mayor and the Fire Department came with their truck and they couldn't believe it. It really made us feel part of the neighborhood and of the city."

We also visited a nearby party on Plymouth, now in their second year, that had a musical performer, and two new housing developments that were holding their first parties. The new Pulte Home development was full of proud new home owners and nearby the beautiful new Tassafaronga homes had a DJ and a huge crowd celebrating their new homes (below).

Our last stop right at 9 pm was on Morse Street in the Millsmont District (below), one of the oldest on-going parties in the city.

We missed seeing friends from our old district where last year we held over 110 parties in one district alone, but we took pride in building the tradition citywide.

In three of our target beats we doubled the number of NNO Block Parties thanks to door to door walking by staff and Block By Block volunteers. We hope to

build
on the strong turn-out to organize new block alert and disaster preparation
groups,
greater attendance at Neighborhood Councils, and more support for neighborhood
schools.
The diversity, hope and pride was contagious, thank you all for helping the
build
a more united Oakland!

# 1. City News

BREAKING NEWS: Mayor's Statement about Today's Killing of an Innocent Child in East Oakland

The death of an innocent child caught in crossfire in broad daylight today breaks my heart. Too many innocents are becoming statistics in our city. Gun battles in our neighborhoods are not and will not be the norm.

The City has focused its resources in neighborhoods of highest risk. We've added patrols. I've asked Governor Brown for help from the California Highway Patrol and garnered assistance from Congresswoman Lee and Senator Boxer for help with federal assistance here in Oakland. We've called for federal help to stop the influx of illegal weapons into our city. Today, we've asked the U.S. Attorney to form a joint task force of the Department of Alcohol, Tobacco and Firearms, the Drug Enforcement Administration and the Federal Bureau of Investigation to work with the Oakland Police to address the increase in shootings in West and East Oakland. The chief has put the OPD on Tactical Alert and daywatch officers have been held over to address any leads that investigators may develop.

It will take all of us to stop crime in Oakland. We must stand together to bring an end to violence in our community. Young or old, every life matters. Tomorrow the Mayor's Office in conjunction with our Measure Y and faith-based partners from throughout the city will host a vigil at the corner of 64th & International at 7 pm.

If you have any information about today's shooting, please call the anonymous tip line at 510-238-3821, or email

[Oaklandhomicide@oaklandnet.com](mailto:Oaklandhomicide@oaklandnet.com) [mailto:Oaklandhomicide@oaklandnet.com].

27 LAID OFF POLICE RETURN TO THE STREETS THIS WEEKEND Thanks to the contract agreement with Oakland Police which includes their payment of 9 percent into their

pensions,  
we were able to increase our budgeted police officers by 22. As in January we have decided to bring back all laid off officers who are available to return. Last week 27 officers returned for orientation and started working on the streets Saturday.

Over the next few months 5 more will join them, bringing to a total of 42 officers brought back since January. Because of attrition and the savings of academy training costs, we should stay within the budget costs. To maintain staffing levels in the 600's the city will need to fund one more additional police academy than currently budgeted in the two year budget; this is a major item in the proposed parcel tax election for November 15.

FOCUSING ON VIOLENT CRIME: The returning officers will be organized in special

teams this summer, focusing on the 8 of Oakland's 57 beats where 93% of Oakland's murders have happened..

At this week's press briefing, Chief Batts joined me in discussing the overall plans to focus on violent crime:

- \* The 32 returned officers will work on special projects and increased investigations in the 8 beats.

- \* Stepped up call-in's to probationers to increase monitoring and resources for counseling and employment.

- \* Stepped up city presence in these areas including street outreach workers, youth activities and employment opportunities.

- \* New initiatives with federal agencies to suppress the increased presence of semi-automatic weapons in Oakland. The Chief and I have lobbied Washington, especially the Alcohol, Tobacco, and Fire Arms Bureau to increase their focus on the weapons coming from

Nevada and other states.

- \* I have requested resumption of additional coordination and patrol car presence from the Highway Patrol from the Governor.

- \* We are asking non-profits, volunteers, and neighbors to increase mentoring and

other work with truant and other at risk youth in these areas. I am especially

asking for volunteers in the middle schools in these areas.

- \* We will increase efforts to get residents to join Neighborhood Alert Groups and

attend Neighborhood Council meetings in these areas and citywide.

Oakland Pride Fund Raiser: Oakland is a city of festivals that attract regional visitors and tourists. This week I was honored to cohost a fundraiser for Oakland

Pride at City Hall, to help re-launch the Oakland Pride 2011 "We Are Family" festival on Labor Day Weekend. We raised more than \$16,000 for the Sunday, September 4. event. Co-host Councilmember Rebecca Kaplan and I were honored with the first 2011 Oakland Pride T-shirts by the Oakland Pride Committee. Oakland's event is different from the Francisco parade--our's is a family oriented festival with an emphasis on music, organizational networking, and booths of all kinds. Oakland is home to one of the largest GLTBQ family populations in the country. For more information about the upcoming celebration, go to [www.oaklandpride.org](http://www.oaklandpride.org) [http://r20.rs6.net/tn.jsp?llr=h64cesbab&et=1106872587927&s=8398&e=001612JOJpsOArLiLsebDQIsX3BMoTpU7OtajkWPREK9YRha2KKx5-awKw-TgFK5sZnKqw7YgL7\_6tK55ixd5xtat8CeFtLb-9T4ScupQQQAUC57fWYxW3zKA==]

#### Commission on Persons with Disabilities Seeks New Members

The City of Oakland is currently accepting nominations to fill several vacancies on the Mayor's Commission on Persons with Disabilities (MCPD). <http://www2.oaklandnet.com/Government/o/CityAdministration/d/ADA/DOWD000347> [http://r20.rs6.net/tn.jsp?llr=h64cesbab&et=1106872587927&s=8398&e=001612JOJpsOAolJmeHM2jOpLj8maO5L7fJ-M0NVYMIvYFYOVXZ5OyQIR1TNkmGVi65jRGAQHeMzLYdJUzAS\_ThpwARpkoQN8hVh5KrgP6nZSXbspB7VWy\_pTP86OhF5MvXsOZnaBz5p0h3xyfLDiim\_IIfpXIdOQ\_XVmi3H1szKD2Be4n5S34Ae1EDbu\_ZTTYzsbipBwvUqLLUckFQHrfWslv0ydFmGM0AdsBaXF2\_PlachsRGhwotGLEywcuiabBtzB5yp8Z8VE0mX0FdpHxX3JqG96-gyNcxP8XkxyaK9k=]

This 15-member commission, established by City ordinance in 1980, is an appointed group of volunteers who are committed to integrating people with disabilities into all aspects of the community. At least 51% of the commission is composed of people with disabilities. Since 1990, the MCPD has acted as the City's designated advisory body for ADA compliance. Responsibilities include:

- \* Advising the Mayor and City Council on matters affecting the disability community
- \* Reviewing and commenting on City policies, programs and actions
- \* Providing advice and assistance to other City boards and commissions
- \* Participating at the local, state and national levels for the advancement of disability rights

Eligible nominees must either live or work within the City of Oakland and be able to commit to monthly meetings. The MCPD meets on the second Monday of each month from 1-3:30 pm except in August. For additional information, contact

Kendra Scalia-Carrow [mailto:kscalicia@oaklandnet.com] at 510-238-6919.

#### Parks & Recreation Advisory Commission Seeks New Members

Oakland's Park & Recreation Advisory Commission (PRAC) reports and makes recommendations to the Oakland City Council on Office of Parks and Recreation policies. It consists of 11 seats, appointed by the Mayor and Council to represent the citizens of Oakland. There are current openings on PRAC. We are seeking candidates from all backgrounds and all parts of the city who are interested in preserving the city's parks and recreation facilities and who have one or more of the following desired work or volunteer experience:

- \* planning and implementing major projects
- \* experience with recreational programs
- \* mediation skills
- \* enthusiasm for Oakland

PRAC meets the 1st Wednesday of the month from 4:30 to 6 pm at the Garden Center at Lakeside Park.

Contact Richard Cowan [mailto:rcowan@oaklandnet.com] with a cover letter and your resume if you are interested in applying.

#### BART Continues Oakland Airport Connector Construction on Outbound Airport Drive--Lane

Reduction: Starting Monday, July 25, the section of Airport Drive that exits to

Doolittle Drive will be reduced from three lanes to two lanes as part of the construction

of the Oakland Airport Connector. The lane closure is necessary as contractors

work on a descending grade transition to a tunnel that will be constructed under

Doolittle Drive. Motorists should exercise caution while driving through the constricted

lanes, which will remain in effect through spring 2013. BART's Oakland Airport

Connector, scheduled for completion in 2014, is a cable-driven train service between

the Coliseum Station and OAK. The automated, driverless trains will operate on

an elevated 3.1 mile track, offering fast, reliable and sustainable transportation

for millions of travelers and thousands of people who work at OAK. For additional

information, please visit [www.bart.gov/oac](http://www.bart.gov/oac) or call the Project Information Line

at (510) 464-6463.

### 3. State and Federal Issues Impact Oakland

Oakland Port-City Leadership Helps Urge Congressional Action to Put People Back

to Work: This week I joined the Port of Oakland, the Alameda Labor Council and the

Building Trades Council to urge the U.S. Congress to take immediate action on the

reauthorization or extension of the Federal Aviation Administration (FAA) to put

furloughed FAA workers back on the job building important infrastructure at the

Oakland International Airport (OAK). The last FAA authorization expired on Saturday,

July 23, and an increasingly partisan Congress was going to recess without voting

to renew it. In Oakland 60 engineers, contractors and workers at OAK who were working

on a new, state-of-the-art, green air traffic control tower were laid off. \$10 billion

in projects were stopped at almost 100 airports across the nation; hundreds of millions

of airport taxes were lost.

Both Senator Boxer and Congresswoman Lee cited our actions in their speeches. Apparently,

it worked because on Thursday, Congress agreed to refund the program on

Friday.

Workers were back on the job as of today.

This FAA project was funded with \$31 million from the American Recovery & Reinvestment

Act, or federal stimulus bill, which was focused on creating jobs as soon as possible

to get the recession-impacted economy going again. The new 236-foot tower is scheduled

for completion in 2013 and will replace the two existing towers which were built

in 1962 and 1972.

5. The 25% Solution : Buying Local

At my Inauguration, I asked Oaklanders to increase local shopping by 25%. If we all do so, we could raise \$9-\$12 million more in sales tax-- that's enough to double our Park and Recreation Programs, or to add another 60 policemen!

#### Why I Support Independent Bookstores

I have noticed the gaping holes that abandoned Barnes & Noble and Borders stores have left in nearby communities. In smaller towns these chain stores put the locally owned shops out of business and now their residents have little alternative. That's why I treasure our wealth of Oakland book stores.

Many of us buy books on-line but when you can, support our locally independently owned bookstores. Not only does the city get the sales tax that Amazon and others refuse to pass on, but with so much change in the book publishing world, one thing remains consistent..the personalized attention found at independent bookstores. Sales tax is often less than the cost of shipping.

Independently owned stores have their own gift certificates good and the national independent owners network Book Sense web site [[http://r20.rs6.net/tn.jsp?llr=h64cesbab&et=1106872587927&s=8398&e=001612JOJpsOApqvPUwHj1LUVEBraUIvXKCd3xsNPkdNDy6rtzAAYxow\\_VTm\\_JWCZ-DhCJ3jMtKR2rGa02WJ-nCTJZ-DhZEEuzOdC0pmTY1QV4n-6\\_LCeFZMTWAtEv1ItTS4](http://r20.rs6.net/tn.jsp?llr=h64cesbab&et=1106872587927&s=8398&e=001612JOJpsOApqvPUwHj1LUVEBraUIvXKCd3xsNPkdNDy6rtzAAYxow_VTm_JWCZ-DhCJ3jMtKR2rGa02WJ-nCTJZ-DhZEEuzOdC0pmTY1QV4n-6_LCeFZMTWAtEv1ItTS4)] gives its own reviews and services.

Local stores help us recycle old books, most of my cookbooks and novels come from used book sections. I especially like browsing for old books at Book Mark, whose profits go to help our Public Libraries.

I am always delighted to see local authors signing and reading their books. Some stores are more like community centers; Marcus Books, the oldest independently Black owned book store in the nation, fostered many movements. A movie or restaurant date with my husband often includes a visit to Diesel, Pegasus, Spectator, Laurel or Walden.

When we donate books to schools or libraries, it's the local bookstores that will post lists and coordinate book lists for parent and other groups.

When we read about a book in the Sunday NY Times, my husband and I call or email one of my local bookstores and ask them to get it for me. We often combine a trip to the farmers market in Montclair with picking up books ordered from a Great

Good

Place for Books, it takes about the same amount of time as waiting for a book by

mail and I know the dollars are circulating in the city...Jean & Family

6. Safe & Healthy Oakland

Too many innocent victims of crime: Two weeks ago Good Samaritan Paris Powell was murdered. The family's church has set up an account at Wells Fargo Bank to help his pregnant wife and two young children. Checks may be made out to Wells Fargo, c/o Mercedes Veloz, Rise Above Foundation, Account #7268889551. Keep the OPD phone numbers handy:

911 for emergencies

777-3211 for emergencies from your cell phone for calls in Oakland, otherwise you have to go through a regional switch board delaying your call.

777-3333 for non emergencies

IT'S FIRE SEASON, INSPECTIONS UNDERWAY Part of Oakland's unique beauty is that
our
diverse terrain includes urban forests. One of my first projects as a
Council
Member was working with hill residents to establish the Wild Fire Prevention
District.
One of the main features of that district is a program of annual inspections
by
the Oakland Fire Department. For residents living within the District, annual
inspections
started June 15. Go to the City website

for more information: a map of the district, the phone numbers of the Fire
Inspectors
and tips on protecting your home.

OPD Email for Homicide Investigations: The Oakland Police Department
Homicide
Section has a new email address for citizens to provide information to
investigators
about any homicide that has occurred. Tips can always be submitted by
calling

Homicides continue to run ahead of last year but lower than two years ago.

Fruitvale Community Town Hall Meeting, Saturday, August 20, 10 am-Noon, San

Antonio

Senior Center, 3301 East 12th Street: The Unity Council, in collaboration with State

Farm Insurance and Univision, invite you to attend this Fruitvale Community Town

Hall Meeting. The goal of the Town Hall is to provide the community with useful

and practical information regarding education and public safety. Come learn about

the city's efforts to keep Fruitvale safe, and the district's efforts to better

serve youth and families through Full-Service Community Schools strategic initiatives.

OPC Bancroft Median Clean Up, Saturday, August 20, 10:30 am-1 pm: Join volunteers

from throughout the city as the Oakland Parks Coalition returns to the Bancroft

Median between 77th and 84th Avenues in East Oakland for the annual clean up. In

the early part of the 20th century, the Bancroft Median was a byway for a trolley

line in the East Bay Electric Lines System which connected Oakland to neighboring

cities. When the trolley line was removed, a median was redeveloped and re-landscaped.

Unfortunately, the 30 blocks of landscaped median have suffered since the severe

cutbacks in maintenance in our parks and open space. Last year, scores of stalwart

and generous volunteers from throughout Oakland came out to spruce up this visible

entry way at Oakland's south portal. For additional information or to sign up as

an individual or group, contact [info@oaklandparkscoalition.org](mailto:info@oaklandparkscoalition.org).

North Hills Community Association Fire Prevention Committee Workshop,  
Thursday,  
September 8, 7-9 pm, Highlands Country Club, 110 Hiller Drive. The first  
bimonthly  
educational session will focus on timing of fire prevention activities  
throughout  
the year. The Fire Prevention Committee, formerly named the Vegetation  
Management

Committee, will identify its new focus on educating property owners to make their structures more resistant to ignition by embers, creating a non-ignition zone, creating and maintaining defensible space, and creating and maintaining a fire safe zone more distance from the house. Greetings!

City leadership gathers to thank hundreds of city staff volunteers in front of city hall; NNO Coordinator Felicia Verdin, Neighborhood Services Coordinator Claudia Albano, City Administrator Deanna Santana, the Mayor, Police Chief Anthony Batts, Interim Fire Chief Mark Hoffman on National Night Out. NATIONAL NIGHT OUT BANNER: (above, l-r) Police officers assemble at Frank Ogawa Plaza as part a City Team of 270 employees who visited NNO parties; barbecuing hot dogs at Taylor Memorial Church; mayor's husband with East Bay Dragon Club Motorcycle Club; jumper at Lion Creek Crossing. Oaklanders broke all records on Tuesday as an estimated 33,000 plus neighbors and city employees held 560 parties in every part of the city. My entire staff and I participated; I visited 15 of the 113 first time hosts starting with the three areas which my office has "adopted." We started in West Oakland where several of the Oakland Housing Authority developments held large parties including at Acorn.

Nearby, Taylor Memorial Church's first effort (below) was the start of a progressive party moving onto other West Oakland sites ending with a gathering of over 400 at Campbell Village.

Prescott Clowns greet neighbors at Taylor Memorial, Acorn leader Barbara Montgomery, Rev. Andrea Davidson with church leaders and retired Neighborhood Services coordinator Sandra West.

We moved onto Central Oakland where we stopped by Rainbow Rec Center, the East Bay Dragon's Club House, Acts Full Gospel Church, and Lion Creek Crossing (below) where the kids got a special treat of 'pony rides.'. One of the most interesting parties closed the street to display 50's cars(above).

My favorite stop of the evening was in Beat 34X (below) where the Neighborhood Crime Prevention Council Chair Beverly Williams (front center) held her first NNO Block Party. "My neighborhood has changed and many of my old friends have passed on or moved. Before tonight none of us knew each other. I can't speak Spanish or the other languages but with help from the kids and the leaflets I invited everyone and they came...I told them the city and Mayor would come and I know people weren't sure. But just at the end the Mayor and the Fire Department came with their truck and they couldn't believe it. It really made us feel part of the neighborhood and of the city."

We also visited a nearby party on Plymouth, now in their second year, that had a musical performer, and two new housing developments that were holding their first parties. The new Pulte Home development was full of proud new home owners and nearby the beautiful new Tassafaronga homes had a DJ and a huge crowd celebrating their new homes (below).

Our last stop right at 9 pm was on Morse Street in the Millsmont District (below), one of the oldest on-going parties in the city.

We missed seeing friends from our old district where last year we held over 110 parties in one district alone, but we took pride in building the tradition citywide.

In three of our target beats we doubled the number of NNO Block Parties thanks to door to door walking by staff and Block By Block volunteers. We hope to

build  
on the strong turn-out to organize new block alert and disaster preparation  
groups,  
greater attendance at Neighborhood Councils, and more support for neighborhood  
schools.  
The diversity, hope and pride was contagious, thank you all for helping the  
build  
a more united Oakland!

BREAKING NEWS: Mayor's Statement about Today's Killing of an Innocent Child in East Oakland

The death of an innocent child caught in crossfire in broad daylight today breaks my heart. Too many innocents are becoming statistics in our city. Gun battles in our neighborhoods are not and will not be the norm.

The City has focused its resources in neighborhoods of highest risk. We've added patrols. I've asked Governor Brown for help from the California Highway Patrol and garnered assistance from Congresswoman Lee and Senator Boxer for help with federal assistance here in Oakland. We've called for federal help to stop the influx of illegal weapons into our city. Today, we've asked the U.S. Attorney to form a joint task force of the Department of Alcohol, Tobacco and Firearms, the Drug Enforcement Administration and the Federal Bureau of Investigation to work with the Oakland Police to address the increase in shootings in West and East Oakland. The chief has put the OPD on Tactical Alert and daywatch officers have been held over to address any leads that investigators may develop.

It will take all of us to stop crime in Oakland. We must stand together to bring an end to violence in our community. Young or old, every life matters. Tomorrow the Mayor's Office in conjunction with our Measure Y and faith-based partners from throughout the city will host a vigil at the corner of 64th & International at 7 pm.

If you have any information about today's shooting, please call the anonymous tip line at 510-238-3821, or email

Oaklandhomicide@oaklandnet.com [mailto:Oaklandhomicide@oaklandnet.com].

27 LAID OFF POLICE RETURN TO THE STREETS THIS WEEKEND Thanks to the contract agreement with Oakland Police which includes their payment of 9 percent into their

pensions,
we were able to increase our budgeted police officers by 22. As in January we have decided to bring back all laid off officers who are available to return. Last week 27 officers returned for orientation and started working on the streets Saturday.

Over the next few months 5 more will join them, bringing to a total of 42 officers brought back since January. Because of attrition and the savings of academy training costs, we should stay within the budget costs. To maintain staffing levels in the 600's the city will need to fund one more additional police academy than currently budgeted in the two year budget; this is a major item in the proposed parcel tax election for November 15.

FOCUSING ON VIOLENT CRIME: The returning officers will be organized in special

teams this summer, focusing on the 8 of Oakland's 57 beats where 93% of Oakland's murders have happened..

At this week's press briefing, Chief Batts joined me in discussing the overall plans to focus on violent crime:

- * The 32 returned officers will work on special projects and increased investigations in the 8 beats.

- * Stepped up call-in's to probationers to increase monitoring and resources for counseling and employment.

- * Stepped up city presence in these areas including street outreach workers, youth activities and employment opportunities.

- * New initiatives with federal agencies to suppress the increased presence of semi-automatic weapons in Oakland. The Chief and I have lobbied Washington, especially the Alcohol, Tobacco, and Fire Arms Bureau to increase their focus on the weapons coming from

Nevada and other states.

- * I have requested resumption of additional coordination and patrol car presence from the Highway Patrol from the Governor.

- * We are asking non-profits, volunteers, and neighbors to increase mentoring and

other work with truant and other at risk youth in these areas. I am especially

asking for volunteers in the middle schools in these areas.

- * We will increase efforts to get residents to join Neighborhood Alert Groups and

attend Neighborhood Council meetings in these areas and citywide.

Oakland Pride Fund Raiser: Oakland is a city of festivals that attract regional visitors and tourists. This week I was honored to cohost a fundraiser for Oakland

Pride at City Hall, to help re-launch the Oakland Pride 2011 "We Are Family" festival on Labor Day Weekend. We raised more than \$16,000 for the Sunday, September 4. event. Co-host Councilmember Rebecca Kaplan and I were honored with the first 2011 Oakland Pride T-shirts by the Oakland Pride Committee. Oakland's event is different from the Francisco parade--our's is a family oriented festival with an emphasis on music, organizational networking, and booths of all kinds. Oakland is home to one of the largest GLTBQ family populations in the country. For more information about the upcoming celebration, go to www.oaklandpride.org [http://r20.rs6.net/tn.jsp?llr=h64cesbab&et=1106872587927&s=1633&e=001612JOJpsOArLiLsebDQIsX3BMoTpU7OtajkWPREK9YT-vXVio37ow7k4OjE3L5hzowuQibvUekPrQe9udKBrSJ3JL9yvoBUhBwp97apNL8CikMYOCgFN9w==]

Commission on Persons with Disabilities Seeks New Members

The City of Oakland is currently accepting nominations to fill several vacancies on the Mayor's Commission on Persons with Disabilities (MCPD). <http://www2.oaklandnet.com/Government/o/CityAdministration/d/ADA/DOWD000347> [http://r20.rs6.net/tn.jsp?llr=h64cesbab&et=1106872587927&s=1633&e=001612JOJpsOAolJmeHM2jOpLj8maO5L7fJ-M0NVYMIvYFH4IkDUBvptMwPPYFZ8vlixP-Telvo5jkhWTK3SwWgZ0bd8nbXi24_m-qpjET-o-CPLlXyTF74fgy82L6L9mELs-d3I3iC1UPTmyNdY-F3WJWaP0rLJhg0uPz0758KOKvC6iqJrwGfrySveDH73cwpZGsnvBWJJTsharvR9Rdj02UAL219e6YaWNpFCJC1J1XKFELt0R2lcNEG-LBGynBIcbLNBCBHSspLRLsMK_pgh9_oJQ8lIBdZq8HIScq1JA=]

This 15-member commission, established by City ordinance in 1980, is an appointed group of volunteers who are committed to integrating people with disabilities into all aspects of the community. At least 51% of the commission is composed of people with disabilities. Since 1990, the MCPD has acted as the City's designated advisory body for ADA compliance. Responsibilities include:

- * Advising the Mayor and City Council on matters affecting the disability community
- * Reviewing and commenting on City policies, programs and actions
- * Providing advice and assistance to other City boards and commissions
- * Participating at the local, state and national levels for the advancement of disability rights

Eligible nominees must either live or work within the City of Oakland and be able to commit to monthly meetings. The MCPD meets on the second Monday of each month from 1-3:30 pm except in August. For additional information, contact

Kendra Scalia-Carrow [mailto:kscaliala@oaklandnet.com] at 510-238-6919.

Parks & Recreation Advisory Commission Seeks New Members

Oakland's Park & Recreation Advisory Commission (PRAC) reports and makes recommendations to the Oakland City Council on Office of Parks and Recreation policies. It consists of 11 seats, appointed by the Mayor and Council to represent the citizens of Oakland. There are current openings on PRAC. We are seeking candidates from all backgrounds and all parts of the city who are interested in preserving the city's parks and recreation facilities and who have one or more of the following desired work or volunteer experience:

- * planning and implementing major projects
- * experience with recreational programs
- * mediation skills
- * enthusiasm for Oakland

PRAC meets the 1st Wednesday of the month from 4:30 to 6 pm at the Garden Center at Lakeside Park.

Contact Richard Cowan [mailto:rcowan@oaklandnet.com] with a cover letter and your resume if you are interested in applying.

BART Continues Oakland Airport Connector Construction on Outbound Airport Drive--Lane

Reduction: Starting Monday, July 25, the section of Airport Drive that exits to

Doolittle Drive will be reduced from three lanes to two lanes as part of the construction of the Oakland Airport Connector. The lane closure is necessary as contractors work on a descending grade transition to a tunnel that will be constructed under

Doolittle Drive. Motorists should exercise caution while driving through the constricted

lanes, which will remain in effect through spring 2013. BART's Oakland Airport

Connector, scheduled for completion in 2014, is a cable-driven train service between

the Coliseum Station and OAK. The automated, driverless trains will operate on

an elevated 3.1 mile track, offering fast, reliable and sustainable transportation

for millions of travelers and thousands of people who work at OAK. For additional

information, please visit www.bart.gov/oac or call the Project Information Line

at (510) 464-6463.

3. State and Federal Issues Impact Oakland

Oakland Port-City Leadership Helps Urge Congressional Action to Put People Back

to Work: This week I joined the Port of Oakland, the Alameda Labor Council and the

Building Trades Council to urge the U.S. Congress to take immediate action on the

reauthorization or extension of the Federal Aviation Administration (FAA) to put

furloughed FAA workers back on the job building important infrastructure at the

Oakland International Airport (OAK). The last FAA authorization expired on Saturday,

July 23, and an increasingly partisan Congress was going to recess without voting

to renew it. In Oakland 60 engineers, contractors and workers at OAK who were working

on a new, state-of-the-art, green air traffic control tower were laid off. \$10 billion

in projects were stopped at almost 100 airports across the nation; hundreds of millions

of airport taxes were lost.

Both Senator Boxer and Congresswoman Lee cited our actions in their speeches. Apparently,

it worked because on Thursday, Congress agreed to refund the program on

Friday.

Workers were back on the job as of today.

This FAA project was funded with \$31 million from the American Recovery & Reinvestment

Act, or federal stimulus bill, which was focused on creating jobs as soon as possible

to get the recession-impacted economy going again. The new 236-foot tower is scheduled

for completion in 2013 and will replace the two existing towers which were built

in 1962 and 1972.

5. The 25% Solution : Buying Local

At my Inauguration, I asked Oaklanders to increase local shopping by 25%. If we all do so, we could raise \$9-\$12 million more in sales tax-- that's enough to double our Park and Recreation Programs, or to add another 60 policemen!

Why I Support Independent Bookstores

I have noticed the gaping holes that abandoned Barnes & Noble and Borders stores have left in nearby communities. In smaller towns these chain stores put the locally owned shops out of business and now their residents have little alternative. That's why I treasure our wealth of Oakland book stores.

Many of us buy books on-line but when you can, support our locally independently owned bookstores. Not only does the city get the sales tax that Amazon and others refuse to pass on, but with so much change in the book publishing world, one thing remains consistent..the personalized attention found at independent bookstores. Sales tax is often less than the cost of shipping.

Independently owned stores have their own gift certificates good and the national independent owners network Book Sense web site [<http://r20.rs6.net/tn.jsp?llr=h64cesbab&et=1106872587927&s=1633&e=001612JOJpsOApqvPUwHj1LUVEBraUIvXKcd3xsNPkdNDy61KLL91wvlzKRQt4DzyTku-amVFgevtkzwOC1bI5ZFBm4alI9B-VdirCVN9eDxrIb4g329daHc18LwIDQASse4>] gives its own reviews and services.

Local stores help us recycle old books, most of my cookbooks and novels come from used book sections. I especially like browsing for old books at Book Mark, whose profits go to help our Public Libraries.

I am always delighted to see local authors signing and reading their books. Some stores are more like community centers; Marcus Books, the oldest independently Black owned book store in the nation, fostered many movements. A movie or restaurant date with my husband often includes a visit to Diesel, Pegasus, Spectator, Laurel or Walden.

When we donate books to schools or libraries, it's the local bookstores that will post lists and coordinate book lists for parent and other groups.

When we read about a book in the Sunday NY Times, my husband and I call or email one of my local bookstores and ask them to get it for me. We often combine a trip to the farmers market in Montclair with picking up books ordered from a Great

Good

Place for Books, it takes about the same amount of time as waiting for a book by

mail and I know the dollars are circulating in the city...Jean & Family

IT'S FIRE SEASON, INSPECTIONS UNDERWAY Part of Oakland's unique beauty is that  
our  
diverse terrain includes urban forests. One of my first projects as a  
Council  
Member was working with hill residents to establish the Wild Fire Prevention  
District.  
One of the main features of that district is a program of annual inspections  
by  
the Oakland Fire Department. For residents living within the District, annual  
inspections  
started June 15. Go to the City website

OPD Email for Homicide Investigations: The Oakland Police Department  
Homicide  
Section has a new email address for citizens to provide information to  
investigators  
about any homicide that has occurred. Tips can always be submitted by

Homicides continue to run ahead of last year but lower than two years ago.

Fruitvale Community Town Hall Meeting, Saturday, August 20, 10 am-Noon, San

Antonio

Senior Center, 3301 East 12th Street: The Unity Council, in collaboration with State

Farm Insurance and Univision, invite you to attend this Fruitvale Community Town

Hall Meeting. The goal of the Town Hall is to provide the community with useful

and practical information regarding education and public safety. Come learn about

the city's efforts to keep Fruitvale safe, and the district's efforts to better

serve youth and families through Full-Service Community Schools strategic initiatives.

OPC Bancroft Median Clean Up, Saturday, August 20, 10:30 am-1 pm: Join volunteers

from throughout the city as the Oakland Parks Coalition returns to the Bancroft

Median between 77th and 84th Avenues in East Oakland for the annual clean up. In

the early part of the 20th century, the Bancroft Median was a byway for a trolley

line in the East Bay Electric Lines System which connected Oakland to neighboring

cities. When the trolley line was removed, a median was redeveloped and re-landscaped.

Unfortunately, the 30 blocks of landscaped median have suffered since the severe

cutbacks in maintenance in our parks and open space. Last year, scores of stalwart

and generous volunteers from throughout Oakland came out to spruce up this visible

entry way at Oakland's south portal. For additional information or to sign up as

an individual or group, contact info@oaklandparkscoalition.org.

Subject: Thursday 8/11/11 Protest
Date: 8/8/2011 10:56:33 PM

Attachment N1: [081111 SF Protest.docx](#)

I understand the planned protest by No Justice, No BART for Thursday, 8/11/11 will be discussed at staff tomorrow. I spoke with Lt. Justice about this event tonight and am forwarding both a draft operations order and some items that will need to be addressed, depending on what decisions are made at staff:

After the last protest on 7/11/11, DC Hartwig told me that future protests directed at BPD would be handled as mandatory Tactical Team and SWAT call-outs. I recommend that this event be handled this way, so that we have enough officers to effectively police the protest. In the event that the event is made a mandatory call-out, the Tac Team should be able to field 7 sergeants and 22 officers. Lt. Conneely is on vacation. I

do not know how many personnel the SWAT team can provide. I know Lt. Wong is on vacation and there may be other absences I am unaware of. Officers on both

teams will need to be notified if a mandatory call-out is made.

I recommend we hold over "A" platoon to staff patrol beats and bring "B" platoon in one hour early. Once "B" platoon officers are in service, they should go to San Francisco and staff the other stations likely to be effected by the protest (16th, Powell, Montgomery, Embarcadero). Notifications will have to be made to officers as soon as possible.

As DC Hartwig is not available, an overall Incident Commander will have to be named. I recommend we make the commander's office at Powell Street the Incident Command Post, as it provides computer, media and phone service. I also strongly recommend that a Transportation/Operations supervisor staff the command post to coordinate station closures/train movements. I spoke to Randy

Roderick about this during the last protest and he was lukewarm about the idea. However, I believe it will help a great deal and we should push them to staff the CP with us.

As far as our overall strategy is concerned, I discussed with DC Hartwig that we keep Transportation/Operations personnel away from the protest. I recommend

the Tactical Team staff the platform in force well before the protest is scheduled to start. At the first unlawful or unsafe act committed by the protesters, the station should be closed and trains run through to prevent the

protesters from fragmenting and moving to other stations. Patrons should be evacuated and a dispersal order read. At the conclusion of the time allotted to

disperse, arrests should be made. I believe this strategy will disrupt the protesters plans and hopefully minimize service disruptions by confining the closures to one station.

There is no range scheduled for 8/11, so that will not pose a problem.

As a complication, there was already a non-mandatory Tac call-out scheduled for

Thursday to staff the Raiders preseason opener. I had 14 officers and 3 sergeants scheduled for this call-out. If the Tactical Team is diverted to the

protest, we will have to make arrangements to staff at least the first

portion

of the Raider game. We have committed to the Coliseum to provide 1 sergeant and 4 officers for the walkway, beginning at 1600 hours. "B" platoon Tac team

officers on their regular work days have already been pulled to work the football game, and their patrol spots put up for overtime on today's posting.

I have attached the draft operations order. The portions of the order dealing

with SFPD and SFSD assistance are unconfirmed, as I have not spoken with these

agencies about assistance for the protest. The BPD personnel numbers listed in

the order should be reasonably accurate, based on the existing rosters on the G

drive.

Please let me know if there are any questions or concerns. I will be here tomorrow for my "B" platoon shift.

Good Morning:

I will be the Incident Commander for this event and will be stationed at the OCC.

Steve, I see you are working today, but not on until 1515. Will you be able to come in early to attend the 1300 staff meeting so we can discuss Thursday's event? Also, are you able to address the following? If not, is there someone here now who can?

Contact SFPD and SFSO to confirm details listed in the Ops Plan.
A lieutenant assigned as a Tactical Commander at CCS
Additional Tactical Commander assignments made at the neighboring stations where we have resources present. Those assignments may be sergeants if the number of resources present at those locations are manageable. Essentially, I need a goto person at each location, who I can contact directly and who can make decisions related to requests for resources, need for arrests, crowd control, closing stations, etc.
D/C Glenn-Davis assigned as SFPD Command Post Liaison
Confirm the number of available staff
Make notifications related to the mandatory callouts
Arrange for an undercover detail. I'm thinking we pull back our reps from SAFE and ACNTF, who will need to be advised, but am open to other recommendations. We could probably use a couple more as a roving surveillance team.

Related to Steve's points below:

Yes, this will be a SWAT Team callout. We will need the resources. Holding over A Platoon and utilizing B Platoon sounds like a good plan. The Tactical Commander at CCS will need to identify a location for their command post, but it should be around the station itself. I agree a Trans/Ops supervisor should be there with the Tactical Commander, as well as PIO personnel.

I have some other thoughts we will talk more about this afternoon:

An execution timeline would be a useful attachment to the Ops Plan. Briefings, movements, additional resources coming on line, anticipated protest start time, anticipated protest end time and demobilization are all things that a timeline can help everyone understand when and where they are needed. I want to establish an Intelligence Unit to collect and disseminate information gained from the undercover personnel, as well as through on-going monitoring of websites and social networks. I'm thinking Ken Dam, but let me know if you have any other thoughts.

John,

FYI- We are planning a tactical event on Thursday (8-11-2011) at Civic Center BART at 5PM.

Planned protesters are planning on delaying BART trains during commute hours.

Please call me for details. A tactical operations plan can be relayed to you.

Ken Dam :

We are planning a "Stolen Property Operation- Retail Organzied Theft" along the Mid-Market Street area from Powell & Market to the area of 7th/Market corridors. This Operation will include the selling of retail items, cellphones and laptops - this could effect Powell and Civic Center Station and your BART PD operations. Let me know when you are planning operation and maybe we can share resources or information by working together to address the problem on Market Street and the

transit corridor above and below Market Street. There also could be an Officer Safety Issue given both agencies could be running separate operations at the same time.
Thanks for the Crime Bulletin Update- Tenderloin Station SIT Team and Officers notified- POSTED on reading clips

NOTE: The SFNO can be located on the CII RAP Sheet for San Francisco arrests.

Hey Joe,

I will do my best. I have to search around our police report for the SF number and the police report because it is not easily obtained through our computer system.

Thanks for offering your assistance and SF Mugshot at a closer location to our patrol guys.

We may be doing an undercover operation for the electronic device theft - robberies/ snatch and run. I'll give you info when we do.

We are now aware that the No-Justice-No-BART demonstration is planned for at least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect many station closures to try to thwart their efforts. I know it got dicey for some of the staff last time, but our tactic will be different and much less tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please comb your staff for volunteers. The more successful the protest, the more likely additional protests will be conducted. Transportation does not have the staff to manage this on their own and depend heavily on M&E and RS&S. Please survey your staff for additional bodies to help out.

Don't forget the cut crew.

Thanks for your support.

The Next BART Action
PLEASE DO NOT post this link or info about this event on any website, put it

on
any printed literature, or forward it to any email lists!!!

Join us for another BART Action for Justice for Charles Hill:

Thursday, August 11, from 4:30-8pm. Starting inside the Civic Center BART station, on the platform.

As before we will be meeting in the station, ON the platform. Please do not have any signs or banners visible as you enter the station or wait on the platform, as we wish to remain inconspicuous until the action begins at 5 pm. We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 pm *sharp*.

Strategy/Tactics:

The basic strategy will be the same as at the last demo, although we anticipate we can be much more effective without the police or BART officials present. We have been calling this tactic 'No Justice, No Rush'. If you haven't been to an action, you should read more about the previous demos [here](#) and [here](#).

Demands:

If you want to make your own signs and banners, the specific demands for this action are 1) fire the officer who shot Charles Hill 2) fire the police chief for lying at the press conferences, and 3) disband the BART police.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of expression.

For the next action we are going to switch it up a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their police force to harass our event.

Watch this page for last minute plans:

We will update this page on the night before the action to contain info on gear you need to bring, and any changes to our plans!

RSVP:

Let us know if you can make it by emailing nojusticenobart@gmail.com. We'll put you on an email list for this action so you can get last minute updates directly. Otherwise, check back at this page, because we are expecting A LOT more people than last time, and we may make some last minute changes to the plan, like distributing ourselves at multiple stations so we can stay under the radar till the action starts...

How to spread the word:

Again, PLEASE DO NOT post this link or any info about this event on any website, put it on any printed literature, or forward it to any email lists. Only tell people you know and trust!

So how can you publicize this event while keeping it a secret?

- 1) Call your friends, and tell them to get in front of their computer and tell them to type in this URL as you read it to them.
- 2) Text the URL to trusted friends and other activists.
- 3) Tell someone in person, but make sure that they know NOT TO POST THIS ONLINE, MAKE FLYERS, OR TALK ABOUT IT TO ANYONE THEY DONT TRUST! And when they spread the news of this event they need to make sure other people know how to keep it a secret.
- 4) Ask people to contact you about an upcoming action we are planning, and then point them at this link for more info.

Disband the BART Police!

No Justice No BART is a campaign of protests targeting the BART system. We are fighting for justice for Charles Hill, Oscar Grant, Fred Collins, Bruce Seward, Jerrold Hall, Robert Greer, and all victims of BART police violence and murder.

We demand that BART disband its murderous, inept, corrupt police department. We need you: Join our facebook group, 'like' this facebook page, and get on our email list.

SUBJECT: ALERT: BART Protest - "No Justice, No BART"

Good afternoon. Please be advised that there will be a protest at 4:30 p.m. on Thursday, August 11th, sponsored by the "No Justice, No BART" group. The protest will start at the Civic Center Bart Station. The group may spread out to the streets and other BART stations, as happened during the previous BART protest in July, 2011. The goal of the protest is to disrupt BART service during the evening commute, in response to the officer-involved shooting in July, 2011. It is unclear how many protestors are expected. The last protest gathered from 75-100 people. The SFPD and Bart Police are now finalizing crowd control/crowd management at the downtown BART stations, and expectedly will contain the crowd around these stations and streets in the vicinity.

In addition to BART service delays, and possible traffic congestion, please be alert and immediately report any groups of protesters that may want to engage in vandalism and other destructive behavior. In addition to taking extra security measures for your business, if you witness any vandalism or other illegal behavior, please contact us at BID Dispatch, or the police at one of the numbers below. Thank you.

Please circulate this with your staff. Based on my experience, having a large yellow vest presence really makes a difference in safety of Bart staff, comfort to our patrons and minimizing the protect effectiveness.

Please help out if you can. Please contact Joe Torissi and be sure to attend Mr Crespo's breifing at 1400 in room 1400.

Chuck Rae manages the wifi and mobile contracts. Unfortunately, Chuck is out on medical. He is responding to emails tho at CRAE@BART.GOV or 510-464-6895 office 510-520-4062 mobile.

I believe Chuck is in Real Estate, but for some odd reason reports to Paul Oversier. If not, his direct sup would be Jeff Ordway 510-464-6114 desk or 510-915-0859 mobile, jordway@BART.gov. Jeff was recently made dept mgr of the newly combined Real Estate and Property Development Dept and that entire dept was moved from Administration to Carter Mau's executive office - Operating Budgets and planning. I believe Chuck has left a message on his voicemail as to who is filling in for him. If not call Carter Mau 510-464-6194 office or 510-368-2336 mobile, email cmau@BART.gov. .

In any event, Cooper Lee 949-375-2856 or cooper@cooperlee.com is the CEO and pres of wifi rail. Both Lt. Franklin and I have excellent relationships and we can speak with him about suspending service (he's not charging for it now anyway as it is in beta).

As for mobile phone service, Sprint holds the master contract I believe. All carriers rent from Sprint and Sprint pays BART rent and royalties. I am not 100% certain, but I think we have a contractual right to cut service in the interest of public safety. In any event Chuck would know that contract inside and out if we can reach him.

Caroline Semerdjian 415-684-7314 desk, 415-572-5828,
caroline.semerdjian@sprint.com is my contact at Sprint. She's VP of
Communications and she and I have a very strong business
relationship/friendship. I can't guarantee it, but I bet they would bend
heaven
and earth to help us if they can.

I will be in board prep in the green room around 8:30... Gonna try to catch a
quick nap till prep as I have been up all night trying to convince news
directors and others to say as little as possible about these protests..

Talk in a few hrs!

Ben,

A whole heck of a lot of their ability to carry out this exercise
is predicated on being able to communicate with each other. Can't we
just shut off wireless mobile phone and Wifi communication in the
downtown stations? It's not like it's a constitutional right for BART
to provide mobile phone and Wifi service. Additionally, the wireless
phone companies and WiFi Rail rent space from us. We have radios -

seems to me we have the upper hand communication wise. Yes, it's a small inconvenience for our customers, but heck if they were on Muni just above BART in downtown SF, they'd have no wireless signal.

Your thoughts?

Chuck Rae manages the wifi and mobile contracts. Unfortunately, Chuck is out on medical. He is responding to emails tho at CRAE@BART.GOV or 510-464-6895 office 510-520-4062 mobile.

I believe Chuck is in Real Estate, but for some odd reason reports to Paul Oversier. If not, his direct sup would be Jeff Ordway 510-464-6114 desk or 510-915-0859 mobile, jordway@BART.gov. Jeff was recently made dept mgr of the newly combined Real Estate and Property Development Dept and that entire dept was moved from Administration to Carter Mau's executive office - Operating Budgets and planning. I believe Chuck has left a message on his voicemail as to who is filling in for him. If not call Carter Mau 510-464-6194 office or 510-368-2336 mobile, email cmau@BART.gov. .

In any event, Cooper Lee 949-375-2856 or cooper@cooperlee.com is the CEO and pres of wifi rail. Both Lt. Franklin and I have excellent relationships and we can speak with him about suspending service (he's not charging for it now anyway as it is in beta).

As for mobile phone service, Sprint holds the master contract I believe. All carriers rent from Sprint and Sprint pays BART rent and royalties. I am not 100% certain, but I think we have a contractual right to cut service in the interest of public safety. In any event Chuck would know that contract inside and out if we can reach him.

Caroline Semerdjian 415-684-7314 desk, 415-572-5828, caroline.semerdjian@sprint.com is my contact at Sprint. She's VP of Communications and she and I have a very strong business relationship/friendship. I can't guarantee it, but I bet they would bend heaven and earth to help us if they can.

I will be in board prep in the green room around 8:30... Gonna try to catch a quick nap till prep as I have been up all night trying to convince news directors and others to say as little as possible about these protests..

Ben,

A whole heck of a lot of their ability to carry out this exercise is predicated on being able to communicate with each other. Can't we just shut off wireless mobile phone and Wifi communication in the downtown stations? It's not like it's a constitutional right for BART to provide mobile phone and Wifi service. Additionally, the wireless phone companies and WiFi Rail rent space from us. We have radios - seems to me we have the upper hand communication wise. Yes, it's a small inconvenience for our customers, but heck if they were on Muni just above BART in downtown SF, they'd have no wireless signal.

Re: Update

Chuck Rae manages the wifi and mobile contracts. Unfortunately, Chuck is out on medical. He is responding to emails tho at CRAE@BART.GOV or 510-464-6895 office 510-520-4062 mobile.

I believe Chuck is in Real Estate, but for some odd reason reports to Paul Oversier. If not, his direct sup would be Jeff Ordway 510-464-6114 desk or 510-915-0859 mobile, jordway@BART.gov. Jeff was recently made dept mgr of the newly combined Real Estate and Property Development Dept and that entire dept was moved from Administration to Carter Mau's executive office - Operating Budgets and planning. I believe Chuck has left a message on his voicemail as to who is filling in for him. If not call Carter Mau 510-464-6194 office or 510-368-2336 mobile, email cmau@BART.gov. .

In any event, Cooper Lee 949-375-2856 or cooper@cooperlee.com is the CEO and pres of wifi rail. Both Lt. Franklin and I have excellent relationships and we can speak with him about suspending service (he's not charging for it now anyway as it is in beta).

As for mobile phone service, Sprint holds the master contract I believe. All carriers rent from Sprint and Sprint pays BART rent and royalties. I am not 100% certain, but I think we have a contractual right to cut service in the interest of public safety. In any event Chuck would know that contract inside and out if we can reach him.

Caroline Semerdjian 415-684-7314 desk, 415-572-5828, caroline.semerdjian@sprint.com is my contact at Sprint. She's VP of Communications and she and I have a very strong business relationship/friendship. I can't guarantee it, but I bet they would bend heaven and earth to help us if they can.

I will be in board prep in the green room around 8:30... Gonna try to catch a quick nap till prep as I have been up all night trying to convince news directors and others to say as little as possible about these protests..

Talk in a few hrs!

Ben,

A whole heck of a lot of their ability to carry out this exercise is predicated on being able to communicate with each other. Can't we just shut off wireless mobile phone and Wifi communication in the downtown stations? It's not like it's a constitutional right for BART to provide mobile phone and Wifi service. Additionally, the wireless phone companies and WiFi Rail rent space from us. We have radios - seems to me we have the upper hand communication wise. Yes, it's a small inconvenience for our customers, but heck if they were on Muni just above BART in downtown SF, they'd have no wireless signal.

Your thoughts?

We are now aware that the No-Justice-No-BART demonstration is planned for at least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect many station closures to try to thwart their efforts. I know it got dicey for some of the staff last time, but our tactic will be different and much less tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please comb your staff for volunteers. The more successful the protest, the more likely additional protests will be conducted. Transportation does not have the staff to manage this on their own and depend heavily on M&E and RS&S. Please survey your staff for additional bodies to help out.

Don't forget the cut crew.

Thanks for your support.

We have just been advised that a demonstration is scheduled tomorrow at Civic Center. Our Operations partners are asking for volunteers to assist in managing service.

BPD will be using a different paradigm and will not allow demonstrations on the platform, and will arrest anyone blocking doors or disrupting service. Station closures will be used liberally to control the crowds.

I have committed M&E to at least 10 volunteers. In addition, please provide the cut crew at Civic Center starting at 4:00.

We are now aware that the No-Justice-No-BART demonstration is planned for at least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect many station closures to try to thwart their efforts. I know it got dicey for some of the staff last time, but our tactic will be different and much less tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please comb your staff for volunteers. The more successful the protest, the more likely additional protests will be conducted. Transportation does not have the staff to manage this on thier own and depend heavily on M&E and RS&S. Please survey your staff for additional bodies to help out.

Don't forget the cut crew.

Thanks for your support.

We are now aware that the No-Justice-No-BART demonstration is planned for at least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect

many
station closures to try to thwart their efforts. I know it got dicey for
some
of the staff last time, but our tactic will be different and much less
tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please
comb
your staff for volunteers. The more successful the protest, the more likely
additional protests will be conducted. Transportation does not have the
staff
to manage this on thier own and depend heavily on M&E and RS&S. Please
survey
your staff for additional bodies to help out.

Don't forget the cut crew.

Thanks for your support.

We have just been advised that a demonstration is scheduled tomorrow at Civic
Center. Our Operations partners are asking for volunteers to assist in
managing
service.

BPD will be using a different paradigm and will not allow demonstrations on
the
platform, and will arrest anyone blocking doors or disrupting service.
Station
closures will be used liberally to control the crowds.

I have committed M&E to at least 10 volunteers. In addition, please provide
the
cut crew at Civic Center starting at 4:00.

Joe Torrissi (6659) will compile the list.

Further instructions to follow.

Here's what Deputy Police Chief Ben Fairow sent. He copied and pasted the text from the webpage in addition to providing the private link to the page. Also attached is the copy of the PB that's now posted on our website and sent out.

Finally, I've sent an email and a text message to Ed Lee's Communication Team as well as to Randy Rentschler and John Goodwin at MTC and the media folks at Muni. I will forward what I sent to them:

<http://nojusticenobart.blogspot.com/2011/08/next-bart-action.html>

UPDATES FOR TOMORROW!

PARTICIPANT INSTRUCTIONS:

WEAR: Unmarked dark clothing (preferably black with no graphics, labels, etc), and a hat. The idea is to look indistinguishable...
BRING: a mask, gloves, sign or banner to display, a noisemaker, and any other gear you may need.
RISK: know your risk level: RED = Very high likelihood of arrest. You are doing something really risky or you plan on taking civil disobedience and expect to be arrested as a result. For example, locking oneself to an object and refusing to move is a "red" action. YELLOW = Possibility of arrest. You may not comply with police instructions, you may be obstructive and mobile, but you will try to avoid being arrested. A yellow role in might involve blocking an entrance and refusing to move until a final dispersal order is given. GREEN = Low risk of arrest. You are going to be exercising your freedom of speech, and supporting those who risk arrest, but plan to avoid any serious confrontations with law enforcement.
PLAN: If you are attending as an individual, or your group has not attended the spokescouncils: keep your risk level in mind, and meet up at Civic Center.
One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. Check in with him for more information or just follow the crowd once

the action gets started. If you are part of an affinity group: your representative should have explained the decisions made at the spokescouncil.

You should know what your group's task is AND what role you will specifically play in carrying it out.

REMEMBER: BART has many cameras, be mindful of where they are pointed at.

ORGANIZER UPDATES/REMINDERS (Spokespeople take note):

Based on the response, we hit the threshold for the TWO station plan!!! The majority of our participants have been organized in affinity groups, so we should be able to accomplish a lot.

Make sure everyone in your group knows your specific task and what they are expected to do to support it.

Keep your gear and conspicuous clothing (any masks, signs, etc) in bags until your action starts.

Meet up ahead of time (4 PM) at your agreed upon spots. Call the action coordinator to check in, share your location and numbers, and get last minute instructions. Then ride the train to your meetup point... red teams should head directly to Embarcadero, and wait for their signal. Yellow and green teams should converge on Civic Center (by 5 PM).

Keep these guidelines in mind:

Everyone in your group (at all risk levels) should write down the legal support hotline # on their body. Red teams must have a designated videographer, medic, and legal observer.

Affinity groups should have contingency plans for interference by passengers. Do not deny passengers egress from trains or station. Do not antagonize passengers and avoid engaging them except in the most extreme cases of self defense.

Maintain your action for as long as you can relative to your risk level. Text requests for info as well as regular status updates on your action to the coordinator. This includes one final text to let us know you are free and clear.

If and when police show up on your platform or train, make sure you text the coordinator with info on how many / where / and what time they arrived. If you need to designate someone for this communication role ahead of time, DO IT!

It is important for us to provide information to the red teams about their response times and locations.

See you tomorrow!

The Next BART Action

PLEASE DO NOT post this link or info about this event on any website, put it on any printed literature, or forward it to any email lists!!!

UPDATES FOR TOMORROW!

PARTICIPANT INSTRUCTIONS:

* WEAR: Unmarked dark clothing (preferably black with no graphics, labels, etc), and a hat. The idea is to look indistinguishable from the other protesters.

* BRING: a mask, gloves, sign or banner to display, a noisemaker, and any other gear you may need.

* RISK: know your risk level: RED = Very high likelihood of arrest. You are doing something really risky or you plan on taking civil disobedience and expect to be arrested as a result. For example, locking oneself to an object and refusing to move is a "red" action. YELLOW = Possibility of arrest. You may not comply with police instructions, you may be obstructive and mobile, but you will try to avoid being arrested. A yellow role in might involve blocking an entrance and refusing to move until a final dispersal order is given. GREEN = Low risk of arrest. You are going to be exercising your freedom of speech, and supporting those who risk arrest, but plan to avoid any serious confrontations with law enforcement.

* PLAN: If you are attending as an individual, or your group has not attended the spokescouncils: keep your risk level in mind, and meet up at Civic Center. One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. Check in with him for more information or just follow the crowd once the action gets started. If you are part of an affinity group<http://en.wikipedia.org/wiki/Affinity_group>: your representative should have explained the decisions made at the spokescouncil. You should know what your group's task is AND what role you will specifically play in carrying it out.

* REMEMBER: BART has many cameras, be mindful of where they are pointed at.

ORGANIZER UPDATES/REMINDERS (Spokespeople take note):

* Based on our expected numbers, we hit the threshold for the TWO station plan!!! The majority of our participants have been organized in affinity groups, so we should be able to accomplish a lot.

* Make sure everyone in your group knows your specific task and what they are expected to do to support it.

* Keep your gear and conspicuous clothing (any masks, signs, etc) in bags until your action starts.

* Meet up ahead of time (4 PM) at your agreed upon spots. Call the action coordinator to check in, share your location and numbers, and get last minute instructions. Then ride the train to your meetup point... red teams should head directly to Embarcadero, and wait for their signal. Yellow and green teams should converge on Civic Center (by 5 PM).

Keep these guidelines in mind:

* Everyone in your group (at all risk levels) should write down the legal support hotline # on their body. Red teams must have a designated videographer, medic, and legal observer.

* Affinity groups should have contingency plans for interference by passengers. Do not deny passengers egress from trains or station. Do not antagonize passengers and avoid engaging them except in the most extreme cases of self defense.

* Maintain your action for as long as you can relative to your risk level.

* Text requests for info as well as regular status updates on your action to the coordinator. This includes one final text to let us know you are free and clear.

* If and when police show up on your platform or train, make sure you text the coordinator with info on how many / where / and what time they arrived. If you need to designate someone for this communication role ahead of time, DO IT! It is important for us to provide information to the red teams about their response times and locations.

See you tomorrow!

<http://www.indybay.org/uploads/2011/07/18/charleshill_bartprotest_0711111730.jpg>Join us for another BART Action for Justice for Charles Hill:

Thursday, August 11, from 4:30-8pm. Starting inside the Civic Center BART station, on the platform.

As before we will be meeting in the station, ON the platform. Please do not have any signs or banners visible as you enter the station or wait on the platform, as we wish to remain inconspicuous until the action begins at 5 pm. We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 pm *sharp*.

Demands:

If you want to make your own signs and banners, the specific demands for this action are 1) fire the officer who shot Charles Hill 2) fire the police chief for lying at the press conferences, and 3) disband the BART police.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening,

they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of expression.

For the next action we are going to switch it up a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their entire police force to harass or limit our event.

Again, PLEASE DO NOT post this link or any info about this event on any website, put it on any printed literature, or forward it to any email lists.

Re: Demonstration Support v2

We are now aware that the No-Justice-No-BART demonstration is planned for at least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect many station closures to try to thwart their efforts. I know it got dicey for some of the staff last time, but our tactic will be different and much less tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please comb your staff for volunteers. The more successful the protest, the more likely additional protests will be conducted. Transportation does not have the staff to manage this on thier own and depend heavily on M&E and RS&S. Please survey your staff for additional bodies to help out.

Don't forget the cut crew.

Thanks for your support.

Subject: Demonstration Support

This is addressed to Direct Reports and requires that you forward the information further.

We have just been advised that a demonstration is scheduled tomorrow at Civic Center. Our Operations partners are asking for volunteers to assist in managing

service.

BPD will be using a different paradigm and will not allow demonstrations on the platform, and will arrest anyone blocking doors or disrupting service. Station closures will be used liberally to control the crowds.

I have committed M&E to at least 10 volunteers. In addition, please provide the cut crew at Civic Center starting at 4:00.

Joe Torrisi (6659) will compile the list.

Further instructions to follow.

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of expression.

For the next action we are going to switch it up a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their entire police force to harass or limit our event.

Again, PLEASE DO NOT post this link or any info about this event on any website, put it on any printed literature, or forward it to any email lists.

Re: Demonstration Support v2

We are now aware that the No-Justice-No-BART demonstration is planned for at
least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect
many
station closures to try to thwart their efforts. I know it got dicey for
some
of the staff last time, but our tactic will be different and much less
tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please
comb
your staff for volunteers. The more successful the protest, the more likely
additional protests will be conducted. Transportation does not have the
staff
to manage this on thier own and depend heavily on M&E and RS&S. Please
survey
your staff for additional bodies to help out.

Don't forget the cut crew.

Thanks for your support.

We have just been advised that a demonstration is scheduled tomorrow at Civic
Center. Our Operations partners are asking for volunteers to assist in
managing
service.

BPD will be using a different paradigm and will not allow demonstrations on
the
platform, and will arrest anyone blocking doors or disrupting service.
Station
closures will be used liberally to control the crowds.

I have committed M&E to at least 10 volunteers. In addition, please provide
the
cut crew at Civic Center starting at 4:00.

Joe Torrise (6659) will compile the list.

We have just been advised that a demonstration is scheduled tomorrow at Civic Center. Our Operations partners are asking for volunteers to assist in managing service.

BPD will be using a different paradigm and will not allow demonstrations on the

platform, and will arrest anyone blocking doors or disrupting service.
Station
closures will be used liberally to control the crowds.

I have committed M&E to at least 10 volunteers. In addition, please provide
the
cut crew at Civic Center starting at 4:00.

Joe Torrisi (6659) will compile the list.

Further instructions to follow.

Subject: Possible Disruptions to BART Train Service Today
Date: 8/11/2011 12:27:39 PM

Attachment N1: [Protesters_Bulletin.pdf](#)

Below is a message from BART regarding possible disruption of train service. Since receiving this information I have learned that there is a planned protest today. Here is what I have received:

Who: A group calling themselves NO JUSTICEÂ NO BART

What: Protest today, Thursday, August 11, 2011

Where: San Francisco Civic Center BART station

When: 4:30 pm

Why:Â The goal of this protest is to disrupt BART service during evening commute hours in response to an officer involved shooting in July 2011. SFPD and BART police are finalizing crowd control and crowd management at downtown BART stations. Protestors numbers are not know at this time however, the last protest staged by this group included approximately 75 to 100 protestors.

Â Â Â PROTESTS MAY DISRUPT TRAIN SERVICE DURING AUGUST COMMUTE TIMES
Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â - STARTING POSSIBLY TODAY
Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â IN DOWNTOWN SAN FRANCISCO

Please be advised that protestors may attempt to disrupt train service during August commute times - beginning as early as today, August 11, 2011 in the downtown San Francisco BART stations.

As always, BARTâ€™s primary mission is to ensure your safety and keep our trains on-time.Â BART may need to close some stations temporarily or make other service adjustments on short notice. BART will use its website, mobile website, text alerts, email alerts and its Customer Services phone line to update you on any changes we may make to BART service.

KNOW YOUR ALTERNATIVE TRANSPORTATION PLANS

We encourage you to take the time now to plan your alternative transportation options. Visit www.511.org for more information about alternative commute options.

TRAIN SERVICE UPDATES VIA TEXT, EMAIL & PHONE

We encourage you to take advantage of BARTâ€™s free email, wireless and text messaging services (standard text messaging and data rates may apply â€ check with your mobile provider).Â Additionally, you find out real-time information about BART service on our website. That way 4 hours is good and I can say I need to go into work. You can say your going to check out some stuff on CL or the swap meet.
What do you want to do for Sunday? :-)

I have to go to San Bruno station today.

"We are now aware that the No-Justice-No-BART demonstration is planned for at least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect many station closures to try to thwart their efforts. I know it got dicey for some of the staff last time, but our tactic will be different and much less tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please comb your staff for volunteers. The more successful the protest, the more likely additional protests will be conducted. Transportation does not have the staff to manage this on thier own and depend heavily on M&E and RS&S. Please survey your staff for additional bodies to help out.

Don't forget the cut crew.

Thanks for your support."

BART warns of possible disruptive protests
Demian Bulwa, Chronicle Staff Writer

(08-11) 12:25 PDT SAN FRANCISCO -- BART officials are warning riders that protesters may launch surprise demonstrations in a bid to disrupt service during commute times, starting this afternoon in downtown San Francisco. The agency did not say why it was concerned, but a recent posting on one protest website - since removed by the site - asked people to meet this afternoon at Civic Center Station, where a BART police officer fatally shot a knife-wielding man, Charles Blair Hill, on July 3.

Activists also remain upset about the fatal shooting of unarmed BART passenger

Oscar Grant on New Year's Day 2009 by a former officer who was convicted of involuntary manslaughter.

"We wish to remain inconspicuous until the action begins at 5 p.m.," the posting by the protest group said. "We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for

Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the

action at 5 p.m. sharp."

The posting went on to say that protesters should "try to mobilize without public announcement beforehand. This will allow us the element of surprise, and

BART will not be able to call in their police force to harass our event."

BART warned passengers, and is beefing up its police presence, in an effort to

take away that element of surprise. Officials said disrupting transit service is illegal.

"We do anticipate a group of people are going to try to disrupt service, and we're going to try to do our best to prevent that," BART's deputy police chief,

Ben Fairow, said today. "The safety of patrons is the No. 1 priority, but we also want them to have a timely, pleasant experience on the system."

The July 3 shooting remains under investigation. According to BART, Officer James Crowell shot Hill, a 45-year-old transient, after Hill advanced on him and a partner with a knife with a 4-inch blade and then wound up to throw the weapon.

Crowell was working one of his last shifts at BART before a planned move to the

FBI. The move was delayed, but Crowell's attorney, Harry Stern, said today that

the FBI had independently reviewed the shooting and determined it was justified. Crowell is now training to be a special agent.

BART officials said they might have to close stations temporarily in coming days to head off protests, and encouraged riders to get service updates through

the agency's Internet, text-based, e-mail and phone programs. They also encouraged riders to call 911, or use a BART intercom, if they see anything that appears to be suspicious or dangerous.

BART Protest Updates: Demonstration Planned for Civic Center Station at 4:30
P.M. Today

Photo: Eric Risberg/AP

Breaking news regarding threatened protests on BART throughout August: No
Justice, No BART, the website rallying point for last month's BART protest has
posted details on another demonstration set for today's evening commute. In a
blog post, which has subsequently been removed because the group wants to
"mobilize without public announcement beforehand", organizers state they are
planning to meet in Civic Center Station, on the platform at 4:30 p.m.
Demonstrators hope to remain inconspicuous until just before the evening rush

at 5 p.m. and plan to continue the demonstration until around 8 p.m. More details from a cached copy of the blog post below:
From Google's cached copy of the flyer:

Join us for another BART Action for Justice for Charles Hill: Thursday, August 11, from 4:30-8pm. Starting inside the Civic Center BART station, on the platform.

As before we will be meeting in the station, ON the platform. Please do not have any signs or banners visible as you enter the station or wait on the platform, as we wish to remain inconspicuous until the action begins at 5 pm. We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 pm *sharp*.

Strategy: The strategy will be the same as at the last demo, although we anticipate we can be much more effective without the police or BART officials present. We call this tactic 'No Justice, No Rush'. If you haven't been to an action, you should read more about the previous demos here and here.

Demands:

If you want to make your own signs and banners, the specific demands for this action are 1) fire the officer who shot Charles Hill 2) fire the police chief for lying at the press conferences, and 3) disband the BART police.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and villified us in the press for the inconvenience, and threatened to crack down on our freedom of expression. For the next action we are going to switch up our model a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their police force to harrass our event.

Thanks for the tip, those of you who sent this in.

(08-11) 12:25 PDT SAN FRANCISCO -- BART officials are warning riders that protesters may launch surprise demonstrations in a bid to disrupt service during commute times, starting this afternoon in downtown San Francisco.

The agency did not say why it was concerned, but a recent posting on one protest website - since removed by the site - asked people to meet this afternoon at Civic Center Station, where a BART police officer fatally shot a knife-wielding man, Charles Blair Hill, on July 3.

Activists also remain upset about the fatal shooting of unarmed BART passenger Oscar Grant on New Year's Day 2009 by a former officer who was convicted of involuntary manslaughter.

"We wish to remain inconspicuous until the action begins at 5 p.m.," the posting by the protest group said. "We will congregate at the center of the

platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 p.m. sharp."

The posting went on to say that protesters should "try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their police force to harass our event."

BART warned passengers, and is beefing up its police presence, in an effort to take away that element of surprise. Officials said disrupting transit service is illegal.

"We do anticipate a group of people are going to try to disrupt service, and we're going to try to do our best to prevent that," BART's deputy police chief, Ben Fairow, said today. "The safety of patrons is the No. 1 priority, but we also want them to have a timely, pleasant experience on the system."

The July 3 shooting remains under investigation. According to BART, Officer James Crowell shot Hill, a 45-year-old transient, after Hill advanced on him and a partner with a knife with a 4-inch blade and then wound up to throw the weapon.

Crowell was working one of his last shifts at BART before a planned move to the FBI. The move was delayed, but Crowell's attorney, Harry Stern, said today that the FBI had independently reviewed the shooting and determined it was justified. Crowell is now training to be a special agent.

BART officials said they might have to close stations temporarily in coming days to head off protests, and encouraged riders to get service updates through the agency's Internet, text-based, e-mail and phone programs. They also encouraged riders to call 911, or use a BART intercom, if they see anything that appears to be suspicious or dangerous.

The Next BART Action

PLEASE DO NOT post this link or info about this event on any website, put it on any printed literature, or forward it to any email lists!!!

UPDATES FOR TOMORROW!

PARTICIPANT INSTRUCTIONS:

WEAR: Unmarked dark clothing (preferably black with no graphics, labels, etc), and a hat. The idea is to look indistinguishable from the other protesters.
BRING: a mask, gloves, sign or banner to display, a noisemaker, and any other gear you may need.

RISK: know your risk level: RED = Very high likelihood of arrest. You are doing something really risky or you plan on taking civil disobedience and expect to be arrested as a result. For example, locking oneself to an object and refusing to move is a "red" action. YELLOW = Possibility of arrest. You may not comply with police instructions, you may be obstructive and mobile, but you will try to avoid being arrested. A yellow role in might involve blocking an entrance and refusing to move until a final dispersal order is given. GREEN = Low risk of arrest. You are going to be exercising your freedom of speech, and supporting those who risk arrest, but plan to avoid any serious confrontations with law enforcement.

PLAN: If you are attending as an individual, or your group has not attended the spokescouncils: keep your risk level in mind, and meet up at Civic Center. One of our organizers will have a 'Justice for Oscar Grant' patch on his

backpack. Check in with him for more information or just follow the crowd once the action gets started. If you are part of an affinity group: your representative should have explained the decisions made at the spokescouncil. You should know what your group's task is AND what role you will specifically play in carrying it out.

REMEMBER: BART has many cameras, be mindful of where they are pointed at.

ORGANIZER UPDATES/REMINDERS (Spokespeople take note):

Based on our expected numbers, we hit the threshold for the TWO station plan!!! The majority of our participants have been organized in affinity groups, so we should be able to accomplish a lot. Make sure everyone in your group knows your specific task and what they are expected to do to support it.

Keep your gear and conspicuous clothing (any masks, signs, etc) in bags until your action starts.

Meet up ahead of time (4 PM) at your agreed upon spots. Call the action coordinator to check in, share your location and numbers, and get last minute instructions. Then ride the train to your meetup point... red teams should head directly to Embarcadero, and wait for their signal. Yellow and green teams should converge on Civic Center (by 5 PM).

Keep these guidelines in mind:

Everyone in your group (at all risk levels) should write down the legal support hotline # on their body. Red teams must have a designated videographer, medic, and legal observer. Affinity groups should have contingency plans for interference by passengers. Do not deny passengers egress from trains or station. Do not antagonize passengers and avoid engaging them except in the most extreme cases of self defense.

Maintain your action for as long as you can relative to your risk level.

Text requests for info as well as regular status updates on your action to the coordinator. This includes one final text to let us know you are free and clear.

If and when police show up on your platform or train, make sure you text the coordinator with info on how many / where / and what time they arrived. If you need to designate someone for this communication role ahead of time, DO IT! It is important for us to provide information to the red teams about their response times and locations.

See you tomorrow!

Join us for another BART Action for Justice for Charles Hill:

Thursday, August 11, from 4:30-8pm. Starting inside the Civic Center BART station, on the platform.

As before we will be meeting in the station, ON the platform. Please do not have any signs or banners visible as you enter the station or wait on the platform, as we wish to remain inconspicuous until the action begins at 5 pm. We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the

action, and watch for his cue to begin the action at 5 pm *sharp*.

Demands:

If you want to make your own signs and banners, the specific demands for this action are 1) fire the officer who shot Charles Hill 2) fire the police chief for lying at the press conferences, and 3) disband the BART police.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of expression.

For the next action we are going to switch it up a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their entire police force to harass or limit our event.

BART officials said they might have to close stations temporarily in coming days to head off protests, and encouraged riders to get service updates through the agency's Internet, text-based, e-mail and phone programs. They also encouraged riders to call 911, or use a BART intercom, if they see anything that appears to be suspicious or dangerous.

BART warns of possible disruptive protests
Demian Bulwa,
Chronicle Staff Writer

(08-11) 12:25 PDT SAN FRANCISCO -- BART officials are warning riders that protesters may launch surprise demonstrations in a bid to disrupt service during commute times, starting this afternoon in downtown San Francisco.

The agency did not say why it was concerned, but a recent posting on one protest website - since removed by the site - asked people to meet this afternoon at Civic Center Station, where a BART police officer fatally shot a knife-wielding man, Charles Blair Hill, on July 3.

Activists also remain upset about the fatal shooting of unarmed BART passenger Oscar Grant on New Year's Day 2009 by a former officer who was convicted of involuntary manslaughter.

"We wish to remain inconspicuous until the action begins at 5 p.m.," the posting by the protest group said. "We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 p.m. sharp."

The posting went on to say that protesters should "try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their police force to harass our event."

BART warned passengers, and is beefing up its police presence, in an

effort to take away that element of surprise. Officials said disrupting transit service is illegal.

"We do anticipate a group of people are going to try to disrupt service, and we're going to try to do our best to prevent that," BART's deputy police chief, Ben Fairow, said today. "The safety of patrons is the No. 1 priority, but we also want them to have a timely, pleasant experience on the system."

The July 3 shooting remains under investigation. According to BART, Officer James Crowell shot Hill, a 45-year-old transient, after Hill advanced on him and a partner with a knife with a 4-inch blade and then wound up to throw the weapon.

Crowell was working one of his last shifts at BART before a planned move to the FBI. The move was delayed, but Crowell's attorney, Harry Stern, said today that the FBI had independently reviewed the shooting and determined it was justified. Crowell is now training to be a special agent.

BART officials said they might have to close stations temporarily in coming days to head off protests, and encouraged riders to get service updates through the agency's Internet, text-based, e-mail and phone programs. They also encouraged riders to call 911, or use a BART intercom, if they see anything that appears to be suspicious or dangerous.

BART Protest Updates: Demonstration Planned for Civic Center Station at 4:30 P.M. Today

[image: hill-bart-protest.jpg]

Photo: Eric Risberg/AP

Breaking news regarding threatened protests on BART throughout August: No Justice, No BART <<http://nojusticenobart.blogspot.com/>>, the website rallying point for last month's BART protest has posted details on *another demonstration set for today's evening commute*. In a blog post, which has subsequently been removed because the group wants to "mobilize without public announcement beforehand", organizers state they are planning to meet *in Civic Center Station, on the platform at 4:30 p.m*. Demonstrators hope to remain inconspicuous until just before the evening rush at 5 p.m. and plan to continue the demonstration until around 8 p.m. More details from a cached copy of the blog post below:

From Google's cached copy<http://webcache.googleusercontent.com/search?q=cache:0o2wscK_xEAJ:nojusticenobart.blogspot.com/2011/08/next-bart-action.html+http://nojusticenobart.blogspot.com/2011/08/next-bart-action.html&cd=1&hl=en&ct=clnk&gl=us&source=www.google.com>of the flyer:

*Join us for another BART Action for Justice for Charles Hill: **Thursday, August 11, from 4:30-8pm. Starting inside the Civic Center BART station, on the platform. *

As before we will be meeting in the station, ON the platform. Please do not have any signs or banners visible as you enter the station or wait on the platform, as we wish to remain inconspicuous until the action begins at 5 pm. We will congregate at the center of the platform (next to the elevator). One of our organizers will have a 'Justice for Oscar Grant' patch on his backpack. If you approach him, he will give you a flyer that has information about the action, and watch for his cue to begin the action at 5 pm *sharp*.

Strategy: The strategy will be the same as at the last demo, although we anticipate we can be much more effective without the police or BART officials present. We call this tactic 'No Justice, No Rush'. If you haven't been to an action, you should read more about the previous demos here<<http://www.indybay.org/newsitems/2011/07/18/18685160.php>>and here <<http://www.indybay.org/newsitems/2011/07/11/18684414.php>>.

Demands:

If you want to make your own signs and banners, the specific demands for this action are 1) fire the officer who shot Charles Hill 2) fire the police chief for lying at the press conferences, and 3) disband the BART police.

Why do it like this?

Our previous BART actions have been announced to BART passengers and the media beforehand, and although BART has been totally aware that they are happening, they have done nothing to warn passengers of the impending disruption, and afterwards, have blamed us and vilified us in the press for the inconvenience, and threatened to crack down on our freedom of

expression.

For the next action we are going to switch up our model a little, and try to mobilize without public announcement beforehand. This will allow us the element of surprise, and BART will not be able to call in their police force to harrass our event.

We are now aware that the No-Justice-No-BART demonstration is planned for at least 2 stations, Embarcadero and Civic Center.

We really need volunteers for assisting with crowd management as we expect many station closures to try to thwart their efforts. I know it got dicey for some of the staff last time, but our tactic will be different and much less tolerance for the demonstration activity will be exhibited this time by BPD.

There will be a pre-event briefing tomorrow at 14:00 in LKS-1400. Please comb your staff for volunteers. The more successful the protest, the more likely additional protests will be conducted. Transportation does not have the staff to manage this on thier own and depend heavily on M&E and RS&S. Please survey your staff for additional bodies to help out.

Don't forget the cut crew.

Transit ridership surges throughout Bay Area
AllVoices | 08/11/11 20:53

And when he transferred onto a Muni bus at 4th and King streets, he barely made it inside the door. In a remarkable turnaround for transit agencies that have repeatedly slashed services, raised fares and lost state and federal funding, transit ridership is steadily rising throughout the Bay Area.
